

6/28/2016

Dear Pino,

On behalf of the Board of Directors of Every Child's Place, I'd like to thank you and your staff for making our 2016 Day of Golf such a success again this year! With Nick organizing everything so skillfully, it all went smoothly once again. We applaud your staff for contributing to the flawless organization and efficiency of the days' events, especially the initial set-up. It was just great to set up the night before, and we appreciated that opportunity so much. It certainly eliminated a huge amount of work and stress the next morning. Joe was exceptional in his efforts to prepare and present an outstanding buffet. The cart and banquet staff men and women were helpful throughout the day with a number of different needs that developed. We are grateful to Tracy and all of the cart staff for keeping the golfers happy.

Feedback from the participant once again included positive comments about the condition of the course and the excellence of the food and beverage service. We especially appreciated the kind consideration given to our honored celebrities and families, with special recognition given to your staff for carefully preparing and fulfilling the requests of the children.

The helicopter drop, as a returning favorite, was orchestrated perfectly. We appreciate that Nick made the extra hole. It was great for both of our organizations to receive the positive "press" once again in the Kenosha News!

With this continued exceptional experience for all, we again acknowledge that we have made the best decision in choosing Bristol Oaks Country Club for our golf outing this year. We look forward to returning on June 15th, 2017, knowing that we will be treated with all of the best accommodations possible, as always. With confidence, we can plan on Bristol Oaks as our venue of choice for years to come.

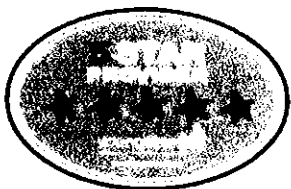

Enclosed is our check for this year's invoice with some additional gratuity added on to distribute as you see fit.

With sincere gratitude,

Virginia M.S., CCC SLP
