August 15, 2016

Dear Ron,

Last month my husband Gil and I celebrated our 50th wedding anniversary at St. Anne's and at your Banquet Center on July 9. I wanted to tell you how fantastic your staff was to work with and how they contributed to the specialness of our event.

First, we met with Joe Nero in June to plan our event after reserving it earlier at one of your Lenten Fish Fry dinners. My daughters and I were impressed with how Joe handled himself in such a professional manner, very accommodating and offering us options for the menu, bar, music and room set up.

The day of the event, Joe and his team were super gracious when we set up decorations for the room and I asked him to move some tables to centralize our event near the bar and set up long tables for the pictures and family memoirs. My sons and daughters who set up the music, microphones and sound system were likewise impressed with how easy your staff made it to work with them.

The night of our event, everything was perfect. Joe hovered to respond to my every request, the waitresses and bar maids were very friendly and cordial to all our guests.

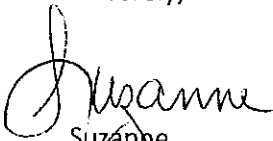

The food was superb and plentiful. Even St. Anne guests said it was one of the best meals they've had at Bristol Oaks.

When I started to look for a place to hold our special event, I knew your business was where we wanted our party. I recall how accommodating you and your staff were when I was on the first planning committee for St. Anne's Winter Social. I've also been on St. Anne's parish council and attended many special events for our church and Knights of Columbus at your facility.

Probably the best compliment came from my daughter Michelle, who also attends St. Anne's, when she said Joe and your staff made us feel like we were part of the Bristol Oaks family. We will continue to recommend Bristol Oaks to others for their special family celebrations.

Please convey my special thanks to Joe and his staff for their hospitality, professional demeanor and grace.

Sincerely,

Suzanne
and Gil
